Summary

The Netherlands regularly reports hate crime data to ODIHR. [Police](#) and [prosecution](#) statistics are published annually. A victimization survey is conducted by the Central Bureau of Statistics every two years and the results are published [here](#).

The Netherlands' Criminal Code contains no hate crime provisions, and hate crimes are addressed as "criminal offences with a discriminatory aspect". The Public Prosecution Service provides guidance on investigating and prosecuting such offences ([Aanwijzing Discriminatie](#)), including on prioritising discrimination offences.

In October 2021, the Netherlands appointed a National Coordinator against Discrimination and Racism to ensure a comprehensive approach to countering discrimination and hate crime, including with the involvement of civil society.

In May 2022, a new State Commission against Discrimination and Racism (State Commission) was tasked with conducting research into discrimination and racism, including hate crimes.
