# Official Data

Most crimes are registered by the prosecutors, rather than the police. Prosecution and sentencing data include crimes of incitement to hatred and discrimination, in addition to attacks against places of worship.

## National Developments

In a number of provincial courts, **Directorates of Judicial Support and Services for Victims** were established as part of a pilot project to enhance protection of especially vulnerable victims of crime, including victims of hate crime. The Directorates coordinate the provision of information, the conduct of individual needs assessment and support for these victims.

Turkey continued implementing ODIHR's TAHCLE programme, on the basis of a memorandum of understanding signed in 2016. Several thousand police officers have been trained on hate crimes.

# Incidents reported by civil society

Total 41 incidents

Please note that the total number of incidents may be lower than the sum of incidents presented in the breakdown chart above, as some incidents involve multiple bias motivations.
