Summary

Austria regularly reports hate crime data to ODIHR. Implemented in 2021, Austria's new hate crime recording system represents a good practice in the region. The Austrian Ministry of Interior is also a member of the civil society network "Hate Crime Kontern", which strengthens hate crime co-ordination and victim support, and co-operates directly with civil society organizations. Hate crime statistics collected by the Ministry are [published online](#) each year.

In January 2023, Austria implemented ODIHR's [Diagnostic Workshop](#) to Assess National Structures and Services for Hate Crime Victim Support.

ODIHR's Key Observation

ODIHR observes that Austria has not reported on hate crimes separately from cases of hate speech.

Official Data

Police-recorded hate crime is registered as "right-wing extremism". As such, police figures include the crime of incitement to hatred, which largely falls outside of the OSCE's definition of hate crime. Prosecution and sentencing figures consist of incitement to hatred and "Neo-Nazi crimes".
