## 1 2010

### Summary

Bosnia and Herzegovina regularly reports hate crime data to ODIHR via the Ministry of Interior. There is no formal system for recording and collecting hate crime data in the country. In co-operation with ODIHR and the OSCE Mission to Bosnia and Herzegovina, the authorities of Republika Srpska have worked to improve hate crime recording and data collection through ODIHR's Information Against Hate Crimes Toolkit (INFAHCT) programme, including through a diagnostic workshop held in April 2022. Bosnia and Herzegovina has also co-operated with ODIHR and the OSCE Mission to train law enforcement officers and criminal justice professionals on hate crimes.

Bosnia and Herzegovina has launched a Gender Action Plan for 2023-2027, which includes hate crime prevention activities as part of its strategic implementation.

## Police data by type of crime

## National Developments

Amendments to the **Criminal Codes of Republika Srpska and the Brcko District** were adopted and entered into force on 7 August and 30 June, respectively. The amendments include a substantive definition of a hate crime that includes protected characteristics such as religion, nationality, language and sexual orientation. Based on that definition, bias motivation can be considered as an aggravating circumstance during sentencing for any criminal offence. Additionally, the amendments include specific penalty enhancements based on bias motivation for the specific offences of murder, physical assault, rape, theft, robbery, malicious mischief and causing public danger.

# Incidents reported by civil society

No data reported to ODIHR.
