Summary

Bosnia and Herzegovina regularly reports hate crime data to ODIHR via the Ministry of Interior. There is no formal system for recording and collecting hate crime data in the country. In co-operation with ODIHR and the OSCE Mission to Bosnia and Herzegovina, the authorities of Republika Srpska have worked to improve hate crime recording and data collection through ODIHR's Information Against Hate Crimes Toolkit (INFAHCT) programme, including through a diagnostic workshop held in April 2022. Bosnia and Herzegovina has also co-operated with ODIHR and the OSCE Mission to train law enforcement officers and criminal justice professionals on addressing hate crimes.

Bosnia and Herzegovina's Gender Action Plan, 2023-2027, includes hate crime prevention activities as part of its strategic implementation.

ODIHR's Key Observation

ODIHR recognizes Bosnia and Herzegovina's efforts in reporting information on hate crime to ODIHR. However, based on the available information, it observes the low numbers of officially recorded hate crimes. In addition, ODIHR observes that Bosnia and Herzegovina would benefit from raising awareness and building the capacity of criminal justice officials to address hate crimes.

Official Data

Police records include criminal offences that may fall outside of the OSCE's definition of a hate crime. The data do not include data from the Federal Police Administration. In some cases, hate speech provisions were also applied to incidents that would fall under this definition. One incident involved two separate criminal offences and is, therefore, counted twice under the police records.
