Summary

Canada regularly reports hate crime data to ODIHR and regularly publishes hate crime statistics. Canada conducts regular victimization surveys to measure unreported hate crime.

Canada has several interrelated and co-ordinated initiatives in place to ensure a comprehensive approach to hate crimes through government and community partnerships. Canada's 'Action Plan on Combatting Hate' (Action Plan) and 'Changing Systems, Transforming Lives: Canada's Anti-Racism Strategy 2024-2028' are two comprehensive initiatives that fund and support a variety of government and community-led projects on addressing hate. The initiatives were developed through extensive community engagement and build on existing strategies. The Action Plan foresees the creation of a Ministerial Advisory Council on Combatting Hate, which serves as a forum for ministers and community leaders to directly engage and exchange feedback on the Action Plan's implementation, and also to discuss existing and emerging issues on addressing racism and hate.
