## 1 2016

### Summary

Canada regularly reports hate crime data to ODIHR and regularly publishes [hate crime statistics](#). Canada conducts regular [victimization surveys](#) to measure unreported hate crime.

Canada has several interrelated and co-ordinated initiatives in place to ensure a comprehensive approach to hate crimes through government and community partnerships. Canada's '[Action Plan on Combatting Hate](#)' (Action Plan) and '[Changing Systems, Transforming Lives: Canada's Anti-Racism Strategy 2024-2028](#)' are two comprehensive initiatives that fund and support a variety of government and community-led projects on addressing hate. The initiatives were developed through extensive community engagement and build on existing strategies. The Action Plan foresees the creation of a Ministerial Advisory Council on Combatting Hate, which serves as a forum for ministers and community leaders to directly engage and exchange feedback on the Action Plan's implementation, and also to discuss existing and emerging issues on addressing racism and hate.

### ODIHR's Key Observation

ODIHR observes that Canada has not reported to ODIHR the numbers of prosecuted hate crime cases and information on sentenced hate crime cases.

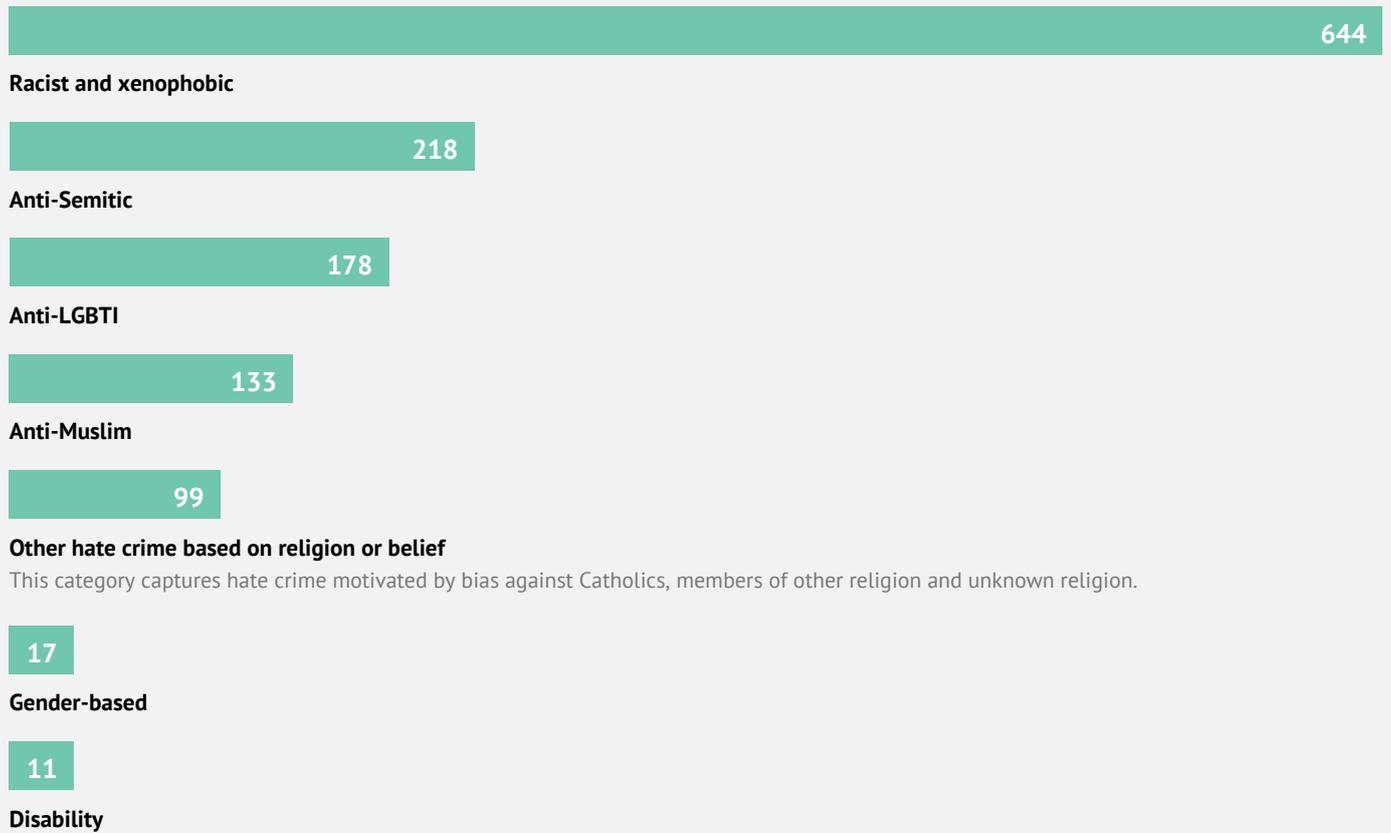

## Official Data

This number includes crimes of "public incitement to hatred" and "advocating genocide", which are excluded from the breakdown below as they are outside the OSCE's definition of hate crime. The number here lists recorded offences – i.e. violations of law. One incident can have several such violations recorded. The breakdown below presents only the most severe violation per incident. That is why the numbers in the breakdown by bias motivation and type of crime do not add up to the total presented here.

Year	Hate crimes recorded by police	Prosecuted	Sentenced
2016	1,409	not available	not available

## Police data by bias motivation

This data indicates the number of criminal incidents recorded by police in 2016. Hate crime incidents motivated by age, other factors, and unknown motivations were also recorded but are not presented here.

## Police data by type of crime

This data indicates the number of criminal incidents recorded by police in 2016. Hate crime incidents motivated by age, other factors, and unknown motivations were also recorded but are not presented here.

589
