1 2020

Summary

Canada regularly reports hate crime data to ODIHR and regularly publishes [hate crime statistics](#). Canada conducts regular [victimization surveys](#) to measure unreported hate crime.

Canada has several interrelated and co-ordinated initiatives in place to ensure a comprehensive approach to hate crimes through government and community partnerships. Canada's '[Action Plan on Combatting Hate](#)' (Action Plan) and '[Changing Systems, Transforming Lives: Canada's Anti-Racism Strategy 2024-2028](#)' are two comprehensive initiatives that fund and support a variety of government and community-led projects on addressing hate. The initiatives were developed through extensive community engagement and build on existing strategies. The Action Plan foresees the creation of a Ministerial Advisory Council on Combatting Hate, which serves as a forum for ministers and community leaders to directly engage and exchange feedback on the Action Plan's implementation, and also to discuss existing and emerging issues on addressing racism and hate.

ODIHR's Key Observation

ODIHR recognizes Canada's efforts in regularly submitting information on police records. However, based on the available information, it observes that Canada has not reported data on hate crimes recorded by, respectively, prosecution and judiciary, respectively, to ODIHR. In addition, ODIHR observes that Canada would benefit from ensuring that hate crimes are addressed in a comprehensive manner, including by introducing a coordination mechanism.

Official Data

In addition to the numbers presented here, the police recorded hate crime incidents motivated by age, other factors and unknown motivations.

Year	Hate crimes recorded by police	Prosecuted	Sentenced
2020	2,669	not available	not available
