Summary

Cyprus has regularly reported hate crime data to ODIHR since 2018. In February 2022, the Cyprus Police and Ministry of Interior organized a workshop on understanding and improving hate crime recording and data collection in co-operation with ODIHR and the EU Agency for Fundamental Rights. The workshop was based on ODIHR's Information Against Hate Crimes Toolkit (INFAHCT), and resulted in a set of recommendations for relevant state authorities.

Hate crime data are collected annually and [published](#) online by the Cyprus Police and its Human Rights and Combating Discrimination Office.

In 2017, the Cyprus Police signed a Memorandum of Understanding for the Protection and Promotion of Human Rights with 14 civil society organizations. The purpose of the Memorandum is to further improve and deepen co-operation between the parties for the protection and promotion of human rights.
