## 1 2009

### Summary

Finland regularly reports hate crime data to ODIHR and has conducted victimization surveys to measure unreported hate crime incidents. The Finnish police closely co-operate with the Finnish Human Rights League, the Finnish Red Cross and Finnish Victim Support to develop a co-ordinated response to combat hate crimes. These organizations, along with the national police and other key authorities, form a network tasked by Finland's Ministry of Justice with monitoring hate crime in Finland and developing effective preventative measures.

In 2017, Finland implemented ODIHR's Training Against Hate Crimes for Law Enforcement (TAHCLE) programme, training over 1,000 police officers. The programme's hate crime modules have since been integrated into pre- and in-service training for police.
