# 1 2013

## Summary

Greece regularly reports hate crime data to ODIHR.

In 2017, Greece implemented ODIHR's Prosecutors and Hate Crime Training (PAHCT). In June 2018, an "Agreement on inter-agency co-operation on addressing racist crimes" was concluded by relevant state authorities and a network of civil society organizations (CSOs) as part of ODIHR's project on "Building a Comprehensive Criminal Justice Response to Hate Crimes". Consequently, the agreement has led to improved hate crime recording and data collection. On February 2022, ODIHR held an online diagnostic workshop with government representatives, criminal justice actors and CSOs to assess structures and services for hate crime victim support in Greece.

In 2022, an office within the Ministry of Justice was tasked with overseeing the systematic collection of statistical data on hate crimes.
