1 2018

Summary

In 2017, Greece implemented ODIHR's Prosecutors and Hate Crime Training (PAHCT). In June 2018, an "Agreement on inter-agency co-operation on addressing racist crimes" was concluded by relevant state authorities and a network of civil society organizations (CSOs) as part of ODIHR's project on "Building a Comprehensive Criminal Justice Response to Hate Crimes". Consequently, the agreement has led to improved hate crime recording and data collection. On February 2022, ODIHR held an online diagnostic workshop with government representatives, criminal justice actors and CSOs to assess structures and services for hate crime victim support in Greece.

In 2022, an office within the Ministry of Justice was tasked with overseeing the systematic collection of statistical data on hate crimes.

ODIHR's Key Observation

ODIHR observes that Greece has not reported on cases of hate crimes separately from cases of hate speech.

Official Data

The police number includes a number of hate speech incidents, which fall outside of the OSCE hate crime definition and are not presented in the breakdown below.

Year	Hate crimes recorded by police	Prosecuted	Sentenced
2018	164	17	4

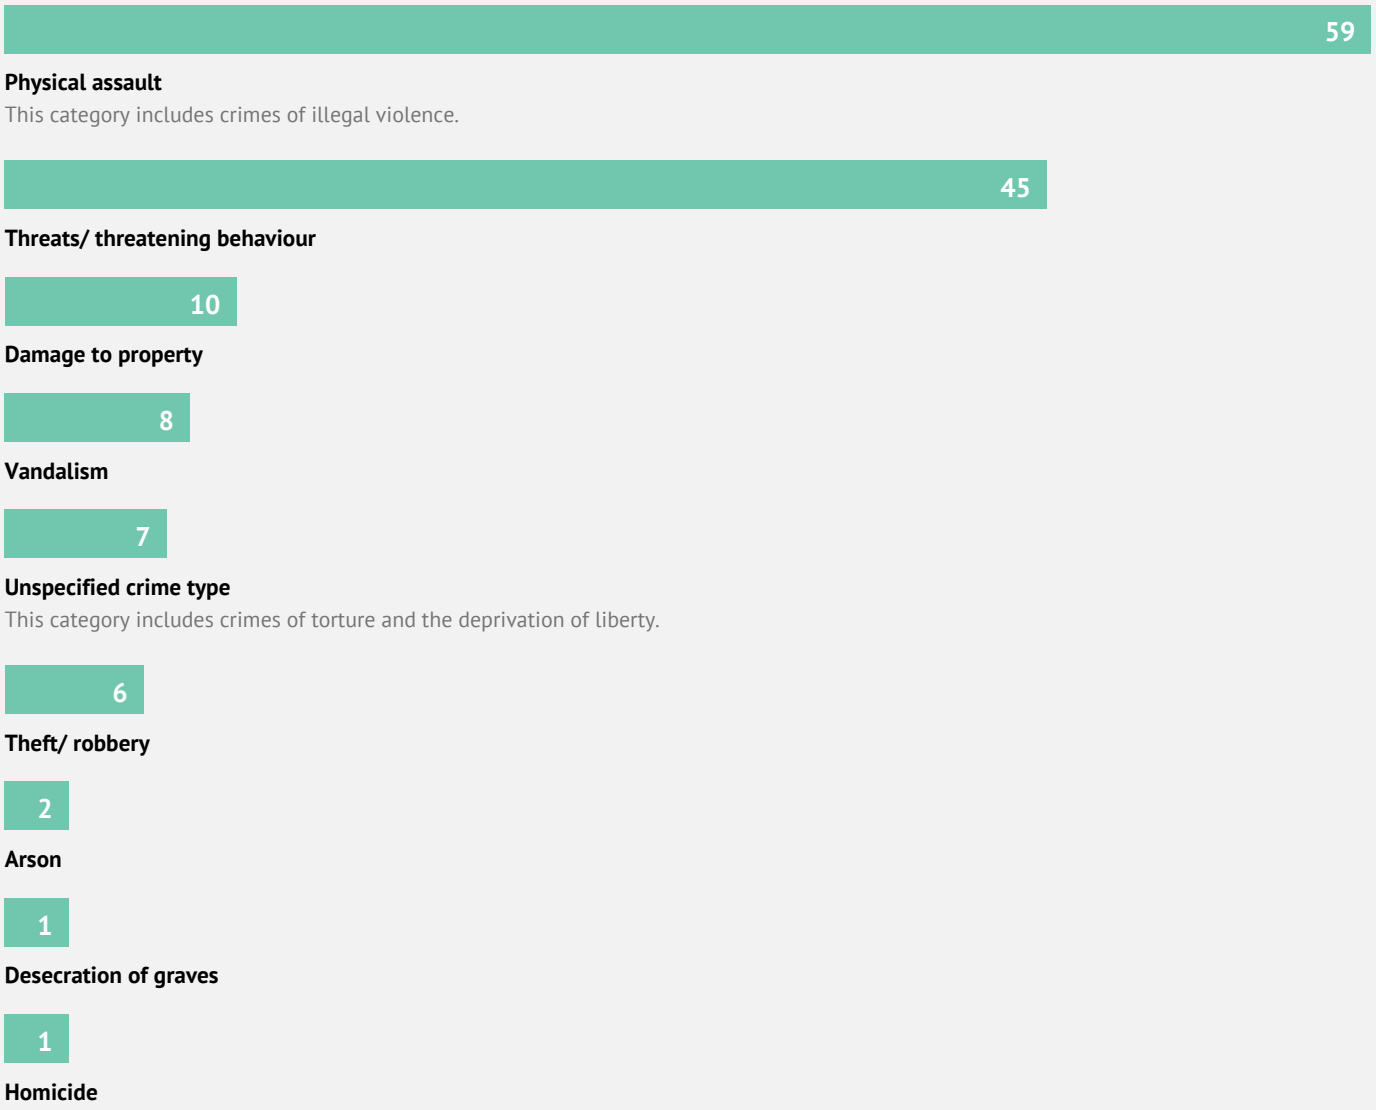

Police data by bias motivation

Incidents represented in this section may include more than one crime.

Police data by type of crime

Incidents represented in this section may include more than one crime.

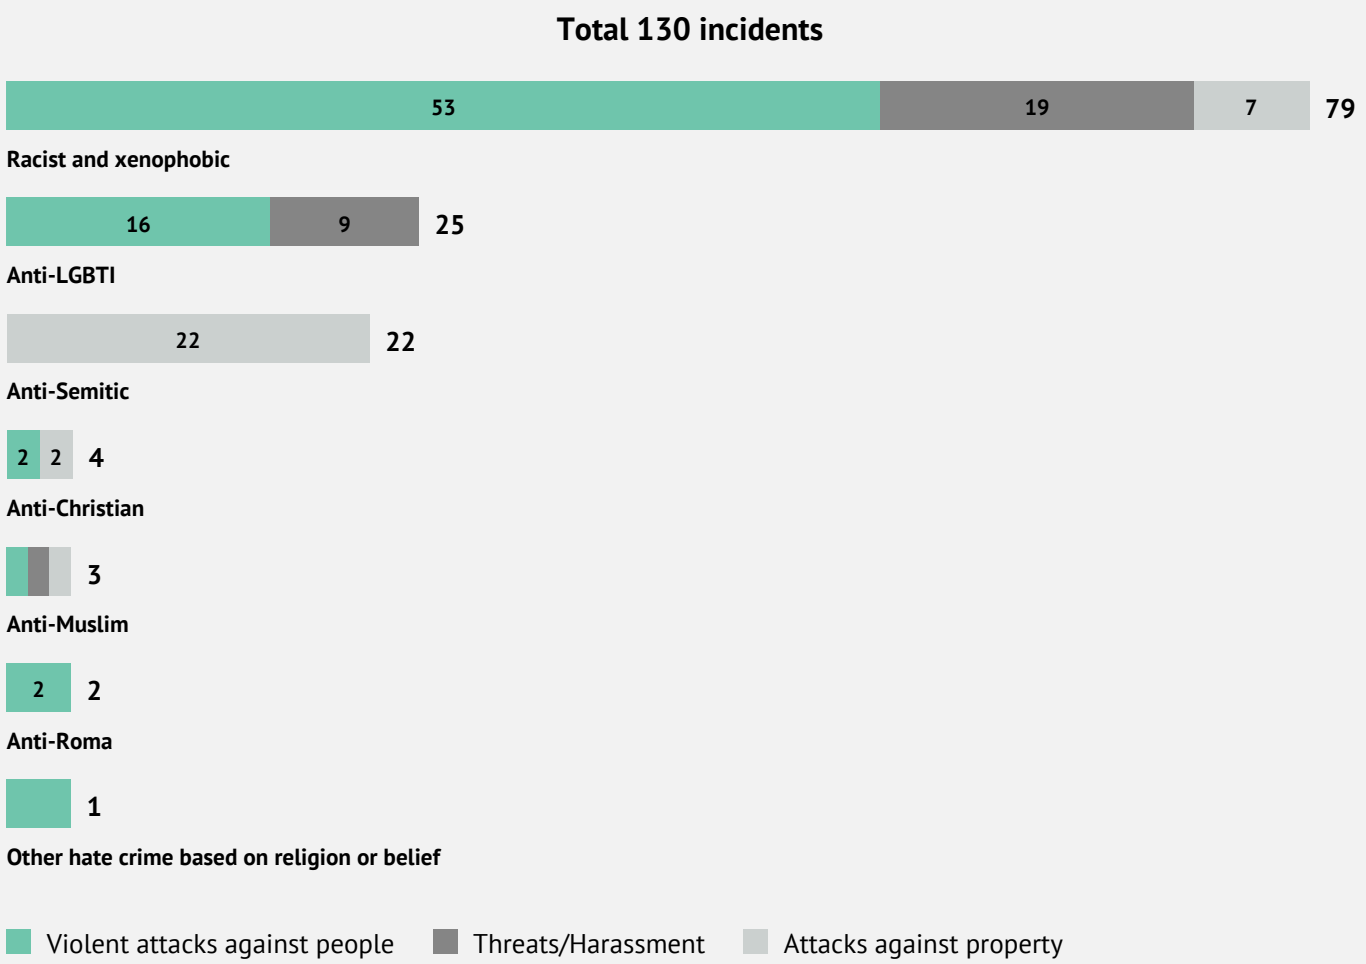

National Developments

Several government bodies and civil society organizations signed a Co-operation Agreement on Combating Racist Crime in Greece during a conference on "Building an Integrated Response to Racist Crime in the Criminal Justice." The event and negotiations on the agreement were co-ordinated by the Ministry of Justice, Transparency and Human Rights in co-operation with ODIHR.

The National Council Against Racism and Intolerance has created a brochure instructing victims of hate crimes on where and how to file a complaint. It also provides guidance to officers on dealing with hate crime cases.

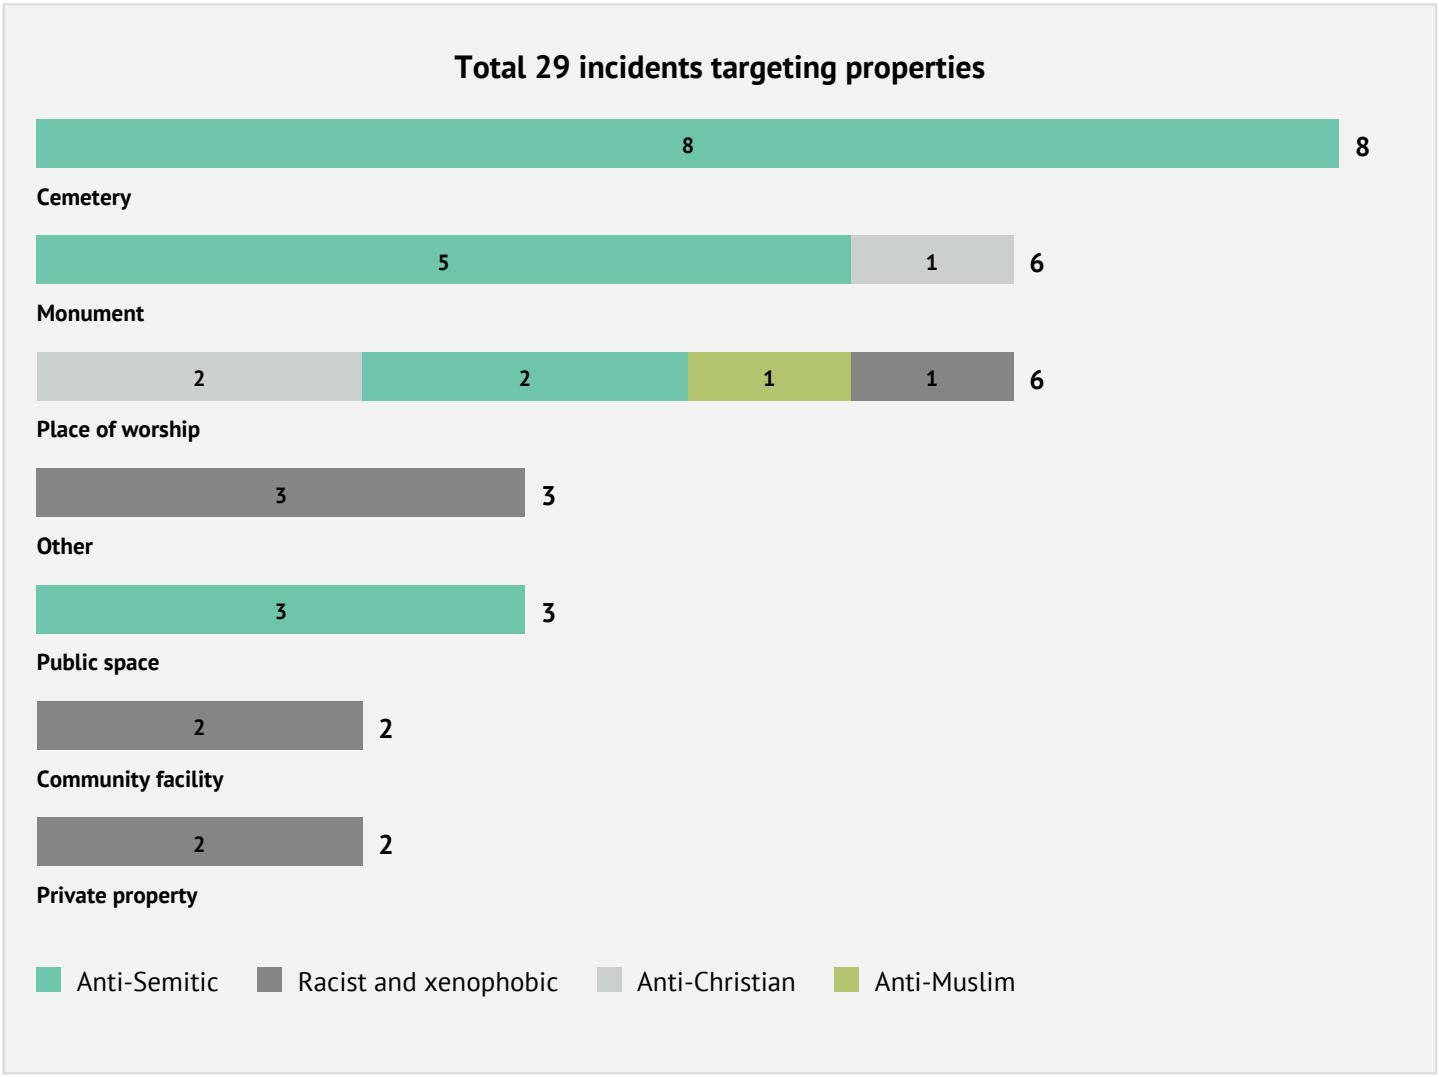

Incidents reported by civil society

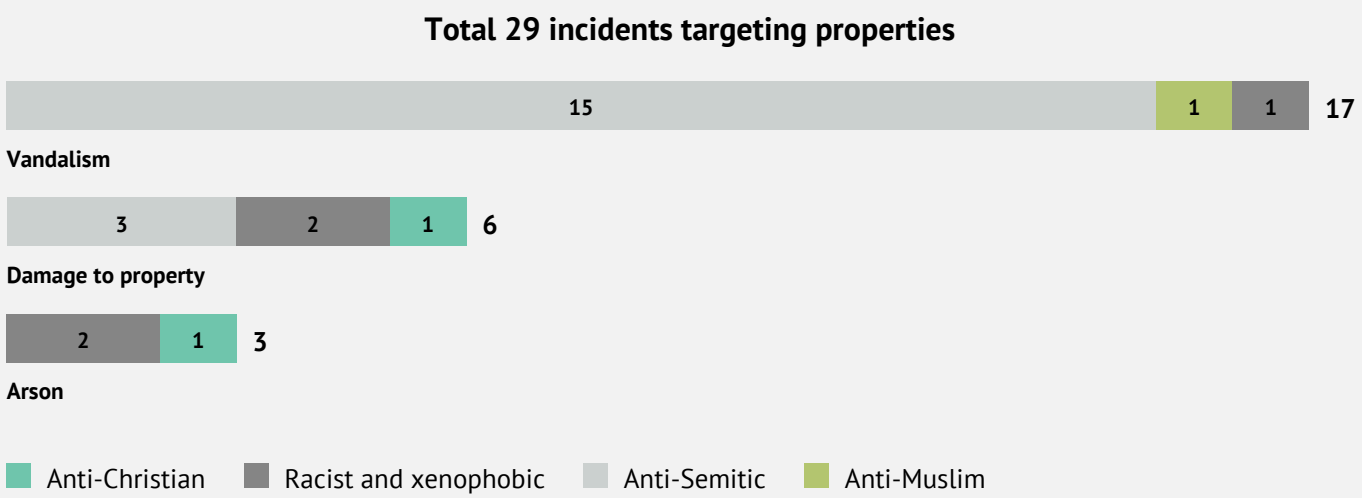

Please note that the total number of incidents may be lower than the sum of incidents presented in the breakdown chart above, as some incidents involve multiple bias motivations.

In addition to incidents submitted with detailed descriptions, this graph includes 80 incidents reported as statistics by the Racist Violence Recording Network (RVRN).
