1 2013

Summary

Hungary regularly reports hate crime data to ODIHR. In 2012, the National Police Headquarters established a special hate crime network, which is responsible for supervising hate crime investigations. In the same year, a civil society working group against hate crimes (GYEM) was established with the aim of strengthening co-ordination with police and developing a list of bias indicators, which were adopted by the network and uploaded onto the police intranet. In 2018, the Ministry of Interior hosted a workshop on hate crime recording and data collection. The workshop was co-facilitated by ODIHR and the EU Agency for Fundamental Rights and resulted in a set of recommendations for relevant state authorities.
