## 1 2020

### Summary

Hungary regularly reports hate crime data to ODIHR. In 2012, the National Police Headquarters established a special hate crime network, which is responsible for supervising hate crime investigations. In the same year, a civil society working group against hate crimes (GYEM) was established with the aim of strengthening co-ordination with police and developing a list of bias indicators, which were adopted by the network and uploaded onto the police intranet. In 2018, the Ministry of Interior hosted a workshop on hate crime recording and data collection. The workshop was co-facilitated by ODIHR and the EU Agency for Fundamental Rights and resulted in a set of recommendations for relevant state authorities.

### ODIHR's Key Observation

**ODIHR notes Hungary's progress in prosecuting hate crimes effectively. However, based on the available information, it observes that the law enforcement agencies of Hungary have not recorded the bias motivations of hate crimes. In addition, ODIHR observes that Hungary would benefit from reviewing the existing legal framework in order to ensure that bias motivation can be effectively acknowledged and appropriate penalties imposed on the perpetrators.**

## Official Data

The reported statistics were disaggregated by type of crime only. A breakdown by bias motivation is not available.

Year	Hate crimes recorded by police	Prosecuted	Sentenced
2020	100	12	not available

## Police data by bias motivation

100

Unspecified

## Police data by type of crime

74

**Desecration of graves**

13

**Attacks against places of worship**

10

**Disturbance of the peace**

2

**Damage to property**

1

**Physical assault**

## National Developments

In 2020, the Prosecutor's Office of Budapest District VI. and VII. pressed hate crime charges [crime of violence against a member of community committed by carrying a deadly weapon (Section 216, Subsection (3) of the Hungarian Criminal Code)] against a man who, after being asked to leave a store due to closing hours by an owner of Chinese origin, threatened the latter using racist anti-Chinese expressions. The perpetrator also pulled out a knife and threatened a customer, who stood up in defence of the store owner, and chased the owner outside of the store.

# Incidents reported by civil society

In addition to incidents summarized below, this graph includes 2 hate incidents reported by Kantor Center as statistics.

# Targeted properties

## Total 19 incidents targeting properties

### Public space

### Monument

### Cemetery
