## 1 2013

### Summary

Ireland regularly submits hate crime data to ODIHR. Ireland's annual hate crime statistics can be accessed here.

In February 2020, Ireland co-organized a workshop with ODIHR and the EU Agency for Fundamental Rights to enhance the understanding and recording of hate crimes. Based on ODIHR's Information Against Hate Crimes Toolkit (INFAHCT) programme, the workshop produced a number of recommendations for relevant state authorities. In July 2021, the Garda launched an online hate crime reporting system.

In April 2022, the Garda took part in ODIHR's Online Training on Sensitive and Respectful Treatment of Hate Crime Victims. Also in 2022, a comprehensive and mandatory Online Hate Crime Training Programme for Garda officers was launched.

In 2023, the Garda formalized the reporting process between civil society and the Garda National Diversity Unit to facilitate reporting and reduce under-reporting of hate crimes.

The Criminal Justice (Hate Offences) Act 2024 came into force on 31 December 2024. The new legislation provides for increased prison sentences for certain crimes, where proven to be motivated by hatred, or where hatred is demonstrated. For example, the legislation ensures that assault aggravated by hatred, or damage to property aggravated by hatred, will attract higher prison sentences. Where hatred is not proven, a person can still be charged with assault or damage to property.

Hate crime data collection in Ireland Support for hate crime victims in Ireland Hate crime capacity building in Ireland Ireland's hate crime legislation
