1 2021

Summary

Montenegro has reported information on hate crimes to ODIHR, most recently for the 2023 and 2024 Hate Crime Reports.

In 2013, Montenegro's Police were trained under ODIHR's Training Against Hate Crimes for Law Enforcement (TAHCLE), followed by cascading in 2013-2022 and the 2022 ODIHR refresher training. In 2023, ODIHR delivered the training-of-trainers to Montenegro's prosecutors and judges on the Prosecutors and Hate Crime Training (PAHCT) programme.

In 2017, Montenegro adopted measures to facilitate the effective prosecution of hate crimes following the judgment of the European Court of Human Rights in the case of Alkovic v. Montenegro (No. 66895/10). In 2023, Montenegro amended legislation to include public acts provoking or inciting racial and religious hatred (Article 370), as well as special circumstances for sentencing hate crimes (Article 42a).

ODIHR's Key Observation

ODIHR recognizes Montenegro's efforts to build the capacity of police to address hate crime, including through ODIHR's TAHCLE programme, as well as the police and judiciary hate crime records provided. However, based on the available information, ODIHR observes that Montenegro has not reported data on the number of prosecuted hate crimes to ODIHR. In addition, ODIHR observes that Montenegro would benefit from raising awareness among and building the capacity of criminal justice officials, especially prosecutors, to address hate crime.

Official Data

In addition to the police records presented above, one further incident – classified as a misdemeanour – was reported to ODIHR. The above figures may include cases of hate speech, which fall outside of the OSCE's definition of hate crime.

Year	Hate crimes recorded by police	Prosecuted	Sentenced
2021	7	0	5

Police data by bias motivation
