OSCE ODIHR
HATE CRIME REPORTING

1 2016

Summary

The Netherlands regularly reports hate crime data to ODIHR. Police and prosecution statistics are published annually. A victimization survey is conducted by the Central Bureau of Statistics every two years and the results are published here.

A National Co-ordinator against Discrimination and Racism, appointed in October 2021, is tasked with ensuring a comprehensive approach to countering discrimination and hate crime, in collaboration with civil society. A State Commission against Discrimination and Racism is tasked with conducting research into discrimination and racism, including hate crimes.

The Ministry of the Interior (MoI) regularly consults civil society organizations (CSOs) on anti-discrimination policies. In particular, the MoI has entered into a formal co-operation agreement with the CSO Discriminatie.nl, which monitors discrimination in the Netherlands.

ODIHR's Key Observation

ODIHR observes that the Netherlands have not reported on cases of hate crimes separately from cases of hate speech and/or discrimination.

Official Data

Figures reported to ODIHR and presented here include hate speech and discrimination offences (or "basic forms of discrimination") as well as hate crimes ("common offences with a discriminatory motive"). Where multiple biases are registered in an offence, each of them is reported individually in the breakdown below.
