Summary

North Macedonia regularly reports hate crime data to ODIHR. North Macedonia implemented ODIHR's Training Against Hate Crimes for Law Enforcement (TAHCLE) Programme in 2014, training more than 2,000 police officers under the programme by 2018. Following changes to the hate crime provisions in 2018, a refresher training-of-trainers session for police was conducted by ODIHR in December 2021. ODIHR's Key Observation

ODIHR recognizes North Macedonia's efforts to build the capacity of police and prosecutors to address hate crimes effectively. However, based on the available information, it observes that North Macedonia has not reported data on hate crimes recorded by prosecution and judiciary to ODIHR, as well as that law enforcement agencies have not recorded the bias motivations behind hate crimes and that statistics do not sufficiently distinguish hate crimes from other crimes. In addition, ODIHR observes that North Macedonia would benefit from continuing to raise awareness among and build the capacity of criminal justice officials to address hate crime.
