ODIHR's Key Observation

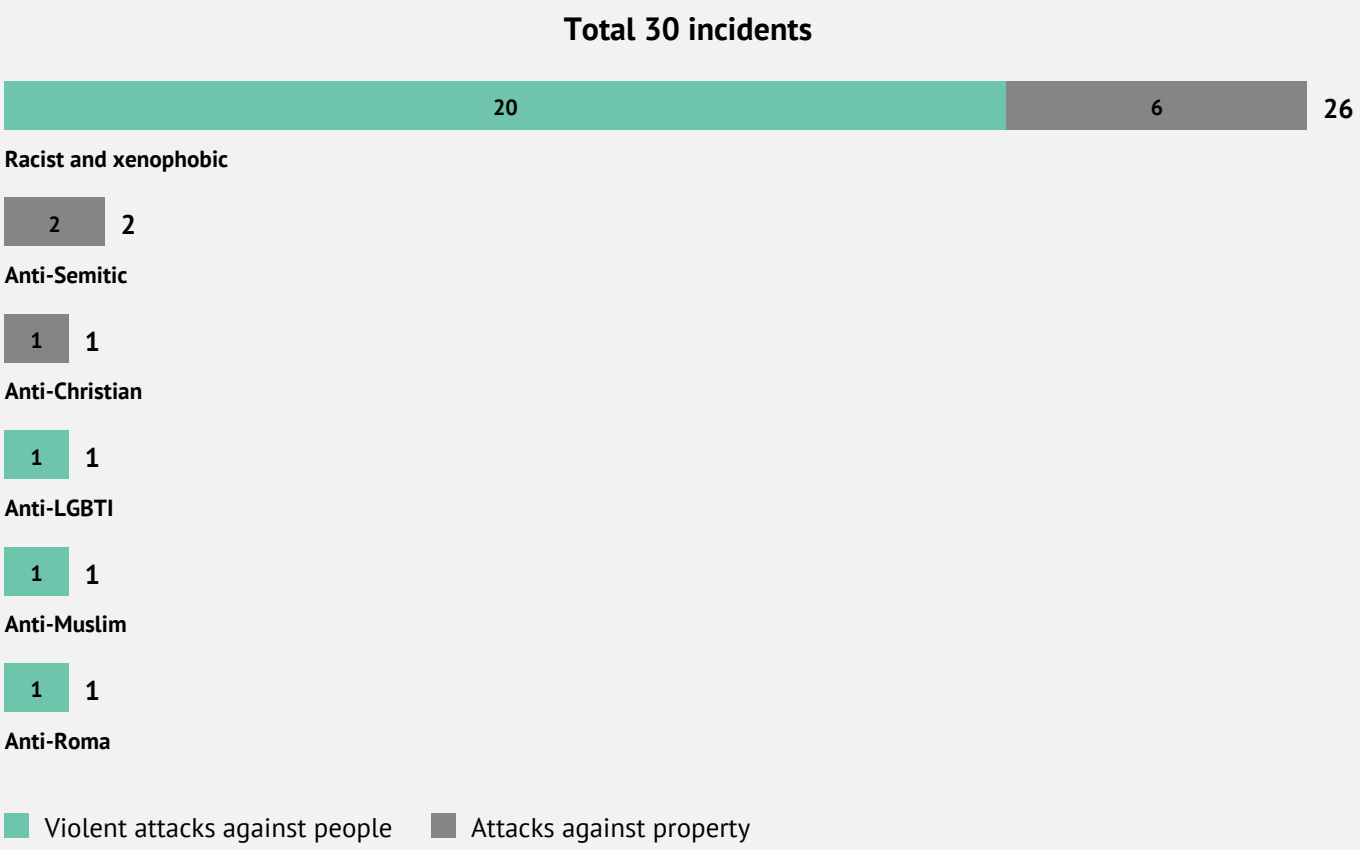

ODIHR recognizes North Macedonia's efforts to report to ODIHR. However, based on the available information, it observes that North Macedonia has not reported data on hate crimes recorded by the prosecution and the judiciary to ODIHR. ODIHR also observes that North Macedonia's law enforcement agencies have not recorded the bias motivations behind hate crimes and that police statistics do not sufficiently distinguish hate crimes from other crimes. In addition, ODIHR observes that North Macedonia would benefit from further raising awareness among and building the capacity of criminal justice officials to address hate crime.

Official Data

The above data refers to the total number of registered crimes in accordance with the provisions of the Criminal Code of the Republic of North Macedonia. The figures include 33 cases of hate speech and one case of discrimination that fall outside the OSCE's hate crime definition.
