Summary

Poland regularly reports hate crime data to ODIHR. Several public bodies are involved in monitoring and/or collecting data on hate crimes, primarily the police and the Prosecutor's Office. Hate crime data are regularly published.

There is a high degree of hate crime specialization in both police and prosecutor structures. More than 100 specialist hate crime prosecutors have been appointed, and a network of hate crime co-ordinators was established in the police in 2014. In 2015, following a request by the lower house of parliament, ODIHR provided a [legislative review](#) of proposed changes to the Criminal Code of Poland, including on hate crime provisions.

In 2023, Polish police participated in a three-day train-the-trainer workshop as part of ODIHR's Training Against Hate Crime for Law Enforcement (TAHCLE). In 2018, the Ministry of the Interior, ODIHR and the EU Fundamental Rights Agency co-organized a workshop on understanding and improving hate crime recording and data collection based on ODIHR's Information Against Hate Crimes Toolkit (INFAHCT) programme. In 2019, ODIHR co-operated with the Commissioner for Human Rights in Poland to issue a [report](#) on the nature and scale of unreported hate crimes against members of selected communities in Poland.

A draft bill is being developed to amend the Penal Code to strengthen criminal law protection against criminal discriminatory grounds for conduct on the basis of disability, age, gender, sexual orientation, and gender identity.

National Developments

Poland continued implementing **ODIHR's** police training programme on hate crimes, training 50 individuals at the national level. Approximately 21,000 police officers at the local level were also trained in addressing hate crimes. The **Ministry of Interior and Administration**, together with the police, produced an auxiliary training manual on hate crimes to support the police, in collaboration with the **General Prosecutor's** Officer, ODIHR and the Never Again Association, an NGO. During an expert seminar in December 2010, the **Ministry of Interior and Administration** delivered the results of a mapping exercise of hate crimes, including types of crimes, locations and common targets, based on information from public institutions and NGOs.
