Summary

Poland regularly reports hate crime data to ODIHR. Several public bodies – including the Police and the Prosecutor's Office – are involved in hate crime monitoring and/or data collection. Hate crime data are regularly published.

There is a high degree of hate crime specialization in both police and prosecutor structures. More than 100 specialist hate crime prosecutors have been appointed, and a network of hate crime co-ordinators was established within the police in 2014. In 2015, following a request by the lower house of parliament, ODIHR provided a legislative review of proposed changes to the Criminal Code of Poland, including hate crime provisions.

In 2023, Polish police participated in a three-day train-the-trainer workshop as part of ODIHR's Training Against Hate Crime for Law Enforcement (TAHCLE). In 2018, the Ministry of the Interior, ODIHR and the EU Fundamental Rights Agency co-organized a workshop on understanding and improving hate crime recording and data collection based on ODIHR's Information Against Hate Crimes Toolkit (INFAHCT) programme. In 2019, ODIHR co-operated with the Commissioner for Human Rights in Poland to issue a report on the nature and scale of unreported hate crimes against members of selected communities in Poland. In 2016, Polish prosecutors participated in a three-day train-the-trainer workshop as part of ODIHR's Prosecutors and Hate Crime (PAHCT) programme.
