Summary

Sweden regularly reports hate crime data to ODIHR. Hate crime reports are [published](#) every second year. Since 2016, the Government has implemented a national plan against racism, similar forms of hostility and hate crime. The plan takes an integrated approach and comprises strategies and measures to prevent and combat racism and hate crime through co-ordination and monitoring, education and research, and support for and co-operation with civil society.

Three different victimization surveys are conducted at one, two and three-year intervals in order to measure unreported hate crime.
