ODIHR's Key Observation

ODIHR recognizes Ukraine's efforts to report its hate crime information to ODIHR. In the absence of an official submission and statistics, ODIHR is not able to provide further observations on hate crime data collection in Ukraine. In addition, ODIHR observes that Ukraine would benefit from raising awareness among and building the capacity of criminal justice officials to address hate crime.

The assessment of incidents reported on the territory of Ukraine, including in the occupied territories of Ukraine, is without prejudice to the applicability and relevance of other branches of public international law, particularly international humanitarian law and international criminal law. In addition to the hate incidents displayed on Ukraine's country page, ODIHR received information on a number of hate incidents that were not included as they go beyond the scope of ODIHR's Hate Crime Report.
