Summary

The United States regularly reports hate crime data to ODIHR. The United States publishes hate crime data annually.

Following a 2021 review by the Federal Bureau of Investigation (FBI), hate crimes were included in the top-level category of priorities (Band 1 National Threat Priority), resulting in an increase in resources allocated to tackling hate crimes. By partnering with the national Hate Crime Coalition, the FBI consults closely with civil society organizations (CSOs), including to develop and update the FBI Hate Crime Data Collection Guidelines and training materials.

In 2020, the Department of Justice issued a comprehensive "Law Enforcement Roundtable Report on Hate Crimes", setting forth key recommendations and action steps to combat hate crime.
